

Intern Opportunities

Interns are welcome. If we are fortunate enough to find interested people, We would have them work on various parts of the campaign. We anticipate that an intern could work on all or some of the following.

1. Canvassing - creating and targeting a list from our Votebuilder data and knocking doors
2. Phone banking - this includes helping to develop a script and phone bank list from our Votebuilder (VAN) data base as well as actually calling voters.
3. Texting - drafting text messages, pulling the list for our phone bank company and texting
4. Drafting a robocall script for candidates
5. Writing a guest column for our newsletter - this could be on any topic relevant to this election cycle and any length depending upon your course requirements.
6. Graphic and meme development for targeted candidates
7. Social media posting for the Democratic Party of Sandoval County.
8. Fundraising basics
9. Participating in after-action analysis with our data team in November

Ideally, it would be great if the volunteer has some sort of tie to Sandoval County, and this person must be a registered democrat. (They can simply visit nmvote.org to register.)

Please visit our website, sandovaldemocrats.org, for information about our county party.
